I have the honour to be,

Sir,

Your most obedient servant,

DIRECTOR OF FISHERIES.

MAH.17/11.

Copy of petition dated 1-4-1926 from Mr. M.K.Basappa of Moolky, Koondapur Taluk, South Kanara District, to the Director of Fisheries, Madras.

Most respectfully sheweth:

That the petitioner is a native of Mooky belonging to the Mogavira Community, has extensive business in fish curing and manufacturing of fish oil and Guano.

That there existed a fish curing yard about fifteen years ago at Hejmady about two miles from the petitioner's native place. The yard was intended for the benefit of fishermen of Hejmady and Moolky. The petitioner was a ticket holder in that yard. But owing to the inconvenient situation of the yard it was not popular among the fishermen for whose benefit it was intended.

The yard was therefore closed about fifteen years ago and the petitioner was the last to leave the yard. Since then the petitioner was curing his fish in his own place with duty-paid salt with the permission of the Salt and Abkary Department. Since the transfer of Fish curing yards to the Fisheries Department, the petitioner applied to the Fisheries Department for the same concession of the supply of the duty paid fish curing salt. The permission was granted, but the rates were prohibitive. The present rate for fish curing salt duty paid is Rs.5/- per bag exclusive of cost of gunnies and transport charges whereas bazaar salt is sold at Rs.4/4 per bag including the cost of gunny bag.

Under the circumstances explained above, the petitioner is greatly handicapped in pushing his business through successfully.

The petitioner, therefore, requests that a Government fish curing yard may be established at Kodi opposite Moolky for the benefits of Fishermen and fish curers of

Moolky

and Kodi. If owing to financial circumstances the Govt is not pleased to open a yard at Mookly,

Moolky, the petitioner requests that he may be allowed the privilege of opening a private fish curing yard where duty free salt, for the purpose of Fish curing may be kindly supplied to him. The petitioner is willing to meet all the charges required for the construction of the yard and the pay of the establishment required for the safe guard of the Government Revenue together with the pensionary contributions of the establishment.

The petitioner earnestly prays that his request may be granted.

I have no objection to the issue of duty free salt to the private fish curing yard at Mookky proposed to be opened by Mr.M.K.Bassappa, subject to the safeguards referred to by you.

2. In Board's Proceedings, No.D.2370-Salt, dated 25-8-17, the petitioner was allowed the concession of purchasing salt from the Mangalore Fish curing Yard on payment of duty and cost price for curing purposes. As this concession has not been withdrawn, the presumption in para 3 of your letter is correct.
